## About Us

Africa Logistix Service (ALS) is one of the reputable companies based in Djibouti. ALS was incorporated in 2012, and has developed over the years in logistics and freight forwarding. Today, the company is well equiped with the latest communication equipment and well trained staff to handle regular and complex issues with ease.

We provide quality services for customs clearance, transportation, warehousing, and various other services that we offer at the request of customers.

## Warehousing

Located near the industrial center, ALS has the knowledge and expertise in warehouse management systems. We manage our storage warehouse with 100% security, with all facilities for loading/unloading, physical scanning and stacking of goods; we provide transport services for pick-up and delivery. We also provide many services. We have a warehouse and land at our disposal

## International freight Forwarding

To bridge the complex, competitive between the deliveries of products, from source to end-destination, for quick sale thereof, requires extensive experience and specialist knowledge that ensure that logistics and all commercial and statutory documentation satisfy international trade requirements.

As a company, ALS is an expert and experienced “Know- how” partner in commercial matters, multimodal transports, import and export processes and regulations, as well as the most effective.

## Customs clearance & Freight administration

We pride ourselves on providing an integrated and cost-effective documentation service.

Our customs clearance and documentation service is connected online to many systems. We can help you pay customs duties, extra charges and VAT. Expert review of tariff and product codes ensures efficient processing of customs documentation and advice that can be invaluable to your business.

## Air Freight

We are registered as agents. Dedicated vehicles ensure rapid collection and dispatch from all the cargo handling facilities at the airport. We handle import consolidation as well as back to air shipments for exports. Airfreight remains the premium form of transport when the requirement is for international delivery, exact arrival times for order and product availability, just-in-time inventory (JIT) management, and products with limited life. With vast experience in the entire air cargo industry, ALS ensures space availability when you need it most. We are a reputable, credit worthy company with accounts at all airlines. Freight chartering is another area of expertise that we are well experienced in.

Our specialist air freight team satisfies clients who require the transport of perishable products as well as general cargo.

## Road Freight

ALS can offer you a multitude of service solutions to meet your inland transportation needs. By rail, or road , our flexible inland transportation service cover both FCL and LCL and help ensure your products are collected and delivered to the right place , at the right time.

## Sea Freight

ALS has the personnel with more than 20 years of experience in sea freight industry. ALS has the expertise to secure space and best freight rates for export shipments. We have the expertise to handle door delivery shipments. We handle FCL,LCL shipments, Reefer containers, over dimension cargo in FLAT RACKS and RORO shipments. We use our relationships with carrier to leverage our clientele patronage.

## Export consolidation from Ethiopia via Djibouti by sea

If our customers receive cargo from multiple suppliers, we can consolidate their goods by our consolidation services.

We optimize the utilization of containers as part of our consolidation services. Dedicated containers are packed and sealed for delivery. We basically turn multiple LCL shipments into FCL shipments.
